

Grant Request Guidelines

The Tennessee Press Association Foundation accepts grant applications throughout the year for consideration at a June annual meeting. Applications must be postmarked by April 15 to be considered for current year funding. The TPAF projects committee will review each application to verify that the request is in line with the Vision and Mission of the Foundation. The committee will present applications to the Board of Trustees who will choose to: decline, approve, defer, or request additional information. The majority of grants approved will be funded at the end of the Foundation's fiscal year on November 30th. You will be notified within three weeks of the meeting as to the outcome of your request.

To apply for a grant, please submit a written letter summarizing your organization and your proposed project along with the attached application form. Please make sure the letter includes the following:

- a) A description of your organization, a list of your Board members or project participants, and a description of the demographics of those served by your project.
- b) Describe how the requested funds are to be used and how the use fits in with the mission and vision of the Tennessee Press Association Foundation (see page three).
- c) A description of how you will evaluate the results of your project and/or program.
- d) Your commitment to present an evaluation of the project and/or programs results at the next regularly scheduled meeting of the TPAF Board of Trustees.
